

Friends

When I was at my house my shadow was my friend, copy catter, and my roommate. I'd never had friends before I was in school. I'd never had someone to tell my secrets to. When I had a bad day I will look for my shadow to talk to.

Once I started 1st grade my new friend was not my shadow it was Casey, Tyler, Vailey, and Kailey. Me and Caser were always together. Tyler and I play soccer together. Kailey and Bailey and I don't always hang out but we are BFFs.

Now I moved to a new school, so my friends are Iyanna, Ciarra, Vivian, and Savannah. I don't sit next to them, but we are besties. We always play basketball together. I would have been alone without them.

In the future I might have different friends. I maybe able to visit them. I will go to my besties house to see if they are sick, if they are alone, or if they need a talking buddy.

Friends are the best!
